Heads of State and Diplomatic Missions of UN Member States

A sourced reference guide covering all 193 UN member states — heads of state, permanent missions to the UN in New York and Geneva, embassies in Washington DC, and consulates-general in New York. Compiled 17 September 2026; updated 20 October 2026.

Metric	Count
UN member states covered	193
Heads of state	193
Diplomatic posts	629
— Permanent Missions to the UN (New York)	193
— Permanent Missions to UNOG (Geneva)	187
— Embassies (Washington DC)	174
— Consulates-General (New York)	75
Heads of state with official website	167/193
Heads of state with documented spouse	129/193

Method

Eight parallel research workers compiled this guide from official sources first — UN Protocol and Liaison Service Blue Book (NY), UNOG online Blue Book (Geneva), the U.S. State Department Diplomatic Corps Order of Precedence (DC), State Department consular listings (NY consulates), and official presidency, royal court, and government websites (heads of state). Every head of state and head of post was cross-checked against at least two sources; currency is September 2026. Only officially published contact information is included — office switchboards and published mission emails. No personal or private phone numbers or email addresses appear anywhere in this guide. Unverifiable fields were left blank rather than guessed.

Key caveats

• NY mission contact details come from the January 2023 Blue Book (latest obtainable edition); Permanent Representative names were individually updated to September 2026.
• Geneva mission details come from the live UNOG Blue Book, read 17 September 2026.
• DC embassy / NYC consulate contact details for most rows were transcribed from a secondary directory (countryaah.com, marked verify-before-publication) — re-verify against official mission sites before republication. Ambassador names rest on the State Department protocol baseline plus 2026 updates.
• All 75 NYC Consul-General names are unverified and left blank by design.
• Heads of state almost never publish office phones or emails (15 / 3 of 193 have them) — blanks are correct.
• 18 states have no embassy in Washington DC; 6 have no Geneva mission; 117 have no NY consulate-general; the United States has no embassy to itself. These are matters of record, not gaps.
• Spouse names appear only where publicly documented; never speculated.
