Space Agencies Worldwide

87 national and multinational space agencies with leadership, budgets, launch capability and flagship missions. Compiled 2026-10-06.

Agency	Country	Founded	HQ city	Leader	Budget	Launch capability
African Space Agency	Multinational (African Union)	2018 (statute adopted)	Cairo	Tidiane Ouattara, President of the African Space Council (appointed 2024); Director General position not yet filled as of September 2026		No indigenous orbital launcher; coordination body, not a launching entity
Agencia Espacial Costarricense (Costa Rican Space Agency, AEC)	Costa Rica	2021	San José	Five-member Board of Directors chaired ex officio by the Minister of MICITT (Paula Bogantes Zamora, Minister of MICITT, as of September 2026); no named Executive Director verified		None
Agencia Espacial Espanola (AEE)	Spain	2023	Seville	Juan Carlos Cortes Pulido, Director (per ESA, May 2026)		None
Agencia Espacial Mexicana (AEM)	Mexico	2010	Mexico City	Director General post vacant since February 2025: Salvador Landeros Ayala (confirmed for 2023-2027) resigned; no successor named	MXN 63.6M (~US$3.2M), 2021; no newer published budget found	None
Algerian Space Agency (ASAL)	Algeria	2002	Algiers	Azzedine Oussedik, Director General		No indigenous orbital launcher; missions use commercial and foreign launch providers
Arthur C. Clarke Institute for Modern Technologies (ACCIMT)	Sri Lanka	1984 (as the Arthur C. Clarke Centre for Modern Technologies, Act No. 30 of 1984; reconstituted as the Institute under the Science and Technology Development Act No. 11 of 1994)	Moratuwa	Eng. (Dr.) Sanath Panawennage, Director General and CEO (per March 2024 official material)		None
Australian Space Agency	Australia	2018 (1 July 2018)	Adelaide	Enrico Palermo, Head of the Agency (since 28 January 2021)		None sovereign; licensed commercial launches from Australian soil
Austrian Aeronautics and Space Agency (FFG)	Austria	1972	Vienna	Andreas Geisler, Head of the Aerospace Agency (per official event materials; currency unconfirmed)		None
Bahrain Space Agency	Bahrain	2014 (as National Space Science Agency; renamed 2025)	Manama	Mohamed Ebrahim Al Aseeri, Chief Executive Officer		No indigenous orbital launcher
Bangladesh Space Research and Remote Sensing Organization (SPARRSO)	Bangladesh	1980 (created by merging the Satellite Research Centre (SARC) and the Bangladesh Landsat Program)	Dhaka	Md Rashedul Islam, Chairman		None
BELSPO - DG Space Research and Applications	Belgium		Brussels			None
Bolivarian Agency for Space Activities (ABAE)	Venezuela	2007	Caracas			No indigenous orbital launcher
Bolivian Space Agency (ABE)	Bolivia	2010	La Paz			No indigenous orbital launcher; satellite launched and operated via international partners
Brazilian Space Agency (AEB)	Brazil	1994	Brasília	Marco Antonio Chamon, President		No operational indigenous orbital launcher; Alcantara Launch Center used for suborbital and foreign partner launches
BRIN – Research Organization for Aeronautics and Space (ORPA)	Indonesia	2021 (ORPA formed within BRIN; LAPAN space heritage dates to 1963)		Robertus Heru Triharjanto, Head of ORPA		None operational indigenous orbital
Canadian Space Agency / Agence spatiale canadienne (CSA)	Canada	1989	Longueuil, Quebec	Jean-Claude Piedboeuf, Acting President (since July 2026; previously Senior Vice-President, Space Programs). Lisa Campbell's term (2020-2025, extended to September 2026) ended early; Piedboeuf became the agency's eighth acting president.	≈US$660M (CA$913.9M planned spending, FY2026–27 Departmental Plan — $857.1M core responsibilities + $56.9M internal services)	None (relies on international partners and commercial launch providers)
Centre National d'Etudes Spatiales (CNES)	France	1961	Paris	Francois Jacq, Chairman and CEO (appointed 15 April 2026 for five years; had led CNES since 23 May 2025)	approx $2.7-2.8B (France civil space spend approx EUR 2.3-2.4B/yr per 2025 government figures; converted at EUR1=$1.17; CNES's own 2026 budget not separately published)	None (indigenous orbital launcher); operates the Guiana Space Centre; orbital access via ESA's Ariane 6 and Vega C
China National Space Administration (CNSA)	China	1993 (established 22 April 1993)	Beijing	Shan Zhongde, Administrator (confirmed in an official Chinese government release, April 2026)		Long March rocket family, launched from Jiuquan, Taiyuan, Xichang, and Wenchang
Colombian Space Commission (CCE)	Colombia	2006	Bogotá			No indigenous orbital launcher
Cote d'Ivoire Space Agency (ASCI)	Côte d'Ivoire	2025	Abidjan	Tidiane Ouattara, Director General (appointed August 2026)		No indigenous orbital launcher
Czech Space Office / Ministry of Transport - Department of Space Activities	Czechia (Czech Republic)	2003	Prague	Vaclav Kobera, Director of the Department of Space Activities, Ministry of Transport (per Czech Space Portal, January 2026)		None
Danish Agency for Higher Education and Science - Space Division	Denmark		Copenhagen	Christina Egelund, Minister of Higher Education and Science (space portfolio; 2024 strategy)		None
Egyptian Space Agency	Egypt	2018	Cairo	Maged Ismail, Chief Executive Officer (appointed August 2025; active September 2026)		No indigenous orbital launcher; missions use commercial and foreign launch providers

Agency	Country	Founded	HQ city	Leader	Budget	Launch capability
El Salvador Aerospace Institute (Instituto Aerospacial de El Salvador, ESAI)	El Salvador	2012	San Salvador	Dr. Luis Alfaro, President and Founder		None
Enterprise Ireland - National Space Programme	Ireland		Dublin	Conor Sheehan, Irish Delegation to ESA (per ESA, 2026)		None
Ethiopian Space Science and Geospatial Institute (SSGI)	Ethiopia	2016 (as ESSTI; reorganized as SSGI)	Addis Ababa	Abdisa Yilma, Director General		No indigenous orbital launcher
European Space Agency (ESA)	Multinational (22 member states)	1975	Paris	Josef Aschbacher, Director General (mandate renewed for four years from 1 March 2025)	approx $9.66B (2026: EUR 8.26B; converted at EUR1=$1.17)	Ariane 6, Vega C (European indigenous launchers)
Finnish Space Office (Ministry of Economic Affairs and Employment)	Finland		Helsinki	Tero Vihavainen, Secretary General of the Finnish Space Committee (Chief Specialist, Ministry of Economic Affairs and Employment; per ministry page)		None
Gabonese Agency for Space Studies and Observations (AGEOS)	Gabon	2011	Libreville	Aboubakar Mambimba Ndjoungui, Director General		No indigenous orbital launcher
General Satellite Directorate, Agency for Digital Transformation and Telecommunications (ATDT)	Mexico	2025 (AEM functions transferred; original AEM founded 2010)	Mexico City	Jose Antonio Pena Merino, head of the ATDT		No indigenous orbital launcher
Geo-Informatics and Space Technology Development Agency (GISTDA)	Thailand	2000 (3 November 2000)	Bangkok	Dr. Pakorn Apaphant, Executive Director		None indigenous
German Aerospace Center (DLR)	Germany	1969	Cologne	Anke Kaysser-Pyzalla, Chair of the Executive Board (reappointed December 2024 for 2025-2030)	approx $0.64B (2026 federal institutional grant of EUR 550M in draft budget, reported 2026; full 2026 agency budget not published; converted at EUR1=$1.17)	None (indigenous orbital launcher); sounding rockets via MORABA; supports German commercial microlauncher initiatives
Ghana Space Science and Technology Institute (GSSTI)	Ghana	2012	Accra	Joseph Bremang Tandoh, Director		No indigenous orbital launcher
Hellenic Space Center (HSC)	Greece	2018		Dr Emmanuel Rammos, President (per official HSC page, 2026)		None
Hungarian Space Office	Hungary		Budapest	Orsolya Ferencz, Ministerial Commissioner for Space Research (per 2025-2026 materials)		None
Indian Space Research Organisation (ISRO)	India	1969 (15 August 1969; successor to INCOSPAR, 1962)	Bengaluru	V. Narayanan, Chairman (in office since 14 January 2025)	≈US$1.46B (■13,705.60 crore, FY2026–27 Department of Space allocation)	PSLV, GSLV, and LVM3 in operational service; SSLV; crewed Gaganyaan launches planned
Interministerial Board for Space Policy (Junta Interministerial de Politica Espacial)	Uruguay	2022	Montevideo			No indigenous orbital launcher
Iranian Space Agency	Iran	2004 (established under 2003 legislation)	Tehran	Hassan Salarieh, President		Limited: the agency develops satellites and ground systems; orbital launches are carried out by separate defence-sector organisations, not the civil agency
Israel Space Agency	Israel	1983	Tel Aviv	Ran Livne, Director (appointed April 2026 for a four-year term)		Operational: Shavit 2 launch vehicle (orbital launches from Palmachim)
Italian Space Agency (ASI)	Italy	1988	Rome	Amb. Mario Cospito, Extraordinary Commissioner (appointed 8 August 2026, per ASI's official announcement; in office until the new president and board take office, max 12 months). Luca Vincenzo Maria Salamone, Director General (appointed 14 November 2023)	approx $0.53B (2026 ASI financing fund of EUR 450.35M per Italy's 2026 Budget Law via presidenza.governo.it; Italy's total civil space spend approx EUR 2.3-2.4B/yr; converted at EUR1=$1.17)	None (indigenous orbital launcher as agency); Italy is industrial prime for ESA's Vega C through Avio
Japan Aerospace Exploration Agency (JAXA)	Japan	2003 (1 October 2003; merger of NASDA, ISAS, and NAL)	Tsukuba	Hiroshi Yamakawa, President (in office through at least July 2026)		H3 heavy-lift rocket (operational since 2024); Epsilon solid-fuel rocket; launch ranges at Tanegashima and Uchinoura
JSC National Company Kazakhstan Gharysh Sapary	Kazakhstan	2005 (government decree of 17 March 2005)	Astana	Kaiyrzhan Kozhayev, Chairman (per a 7 September 2026 company release)		None indigenous; the Baikonur Cosmodrome is in Kazakhstan but is operated by Russia under lease
Kenya Space Agency	Kenya	2017	Nairobi	Hillary Kipkosgey, Director General (Brigadier)		No indigenous orbital launcher; missions use commercial and foreign launch providers
Korea AeroSpace Administration (KASA)	South Korea	2024 (27 May 2024)	Sacheon	Oh Tae-seok (Oh Taeseog), Administrator (2026)	≈US$819M (■1.1201 trillion, FY2026)	Nuri (KSLV-II) orbital launcher from the Naro Space Center
Latin American and Caribbean Space Agency (ALCE)	Multinational (Latin America and Caribbean)	2021	Querétaro	Oscar Freddy Gonzalez Rivera, Secretary General		No indigenous orbital launcher; coordination body, not a launching entity
Latvian Space Office	Latvia					None
Lithuanian Space Office (MITA)	Lithuania					None
Luxembourg Space Agency (LSA)	Luxembourg	2018		Ruy Pinto, Interim CEO (appointed 14 September 2026 for an initial six months, succeeding Marc Serres; per Luxembourg government release)		None
Malaysian Space Agency (MYSA)	Malaysia	2019 (approved by cabinet 20 February 2019; merger of ANGKASA and the Malaysian Remote Sensing Agency)	Kuala Lumpur	Azlikamil Napiah, Director General (current through at least August 2026)		None indigenous; proposed domestic launch-site plans remain at the planning stage

Agency	Country	Founded	HQ city	Leader	Budget	Launch capability
Mauritius Research and Innovation Council (MRIC)	Mauritius	2020 (national satellite programme)	Ebene			No indigenous orbital launcher
National Aeronautics and Space Administration (NASA)	United States	1958	Washington, D.C.	Jared Isaacman, Administrator (15th; in office since December 2025)	US$24.4B enacted FY2026 (P.L. 119-74; NASA FY2026 spending plan shows $24,399.8M; Congress rejected the White House's $18.8B request)	Space Launch System (SLS) for Artemis deep-space missions, plus commercial launch procurement (SpaceX Falcon 9/Heavy, ULA Vulcan, Blue Origin New Glenn)
National Aerospace Technology Administration (NATA)	North Korea	2013 (1 April 2013 as the National Aerospace Development Administration; renamed September 2023)		Ryu Sang Hoon, Director (per encyclopedic sources; no official leadership page exists)		Unha and Chollima-1 launch systems from the Sohae Satellite Launching Station
National Centre for Cartography and Remote Sensing (CNCT)	Tunisia	1988	Tunis			No indigenous orbital launcher
National Commission for Aerospace Research and Development (CONIDA)	Peru	1974	Lima			No indigenous orbital launcher
National Commission for Space Activities (CONAE)	Argentina	1991	Buenos Aires	Ing. Josefina Pérès, Executive and Technical Director (Directora Ejecutiva y Técnica; designated by the CONAE board, announced 26 August 2026, filling the vacancy since January 2026; at CONAE since 2009, previously Manager of Satellite Projects and head of the SAOCOM project)		No indigenous orbital launcher; Tronador programme not operational as of 2026
National Space Agency of Singapore (NSAS)	Singapore	2026 (1 April 2026)	Singapore	Ngiam Le Na, Chief Executive		None
National Space Programme Management Office (GGPEN)	Angola	2013	Luanda	Zolana Joao, Director General		No indigenous orbital launcher
National Space Research and Development Agency (NASRDA)	Nigeria	1999	Abuja	Matthew Olumide Adepoju, Director General/Chief Executive		No indigenous orbital launcher; missions use commercial and foreign launch providers
National Space System / Space Directorate, Chilean Air Force	Chile		Santiago			No indigenous orbital launcher
Netherlands Space Agency (NLSA)	Netherlands	2026		Harm van de Wetering (leadership, per agency site 2026; exact title unconfirmed)		None
New Zealand Space Agency	New Zealand	2016 (April 2016, within the Ministry of Business, Innovation and Employment)	Wellington	Andrew Johnson, Deputy Head (identified in a March 2026 bilateral statement; the senior-most agency-specific official verified)		None indigenous government launcher; regulates commercial launches — Rocket Lab's Electron flies from Mahia (operated by a US-headquartered, New Zealand-founded commercial company)
Norwegian Space Agency (NOSA)	Norway	1987	Oslo	Christian Hauglie-Hanssen, Director General (per 2025 agency materials; 2026 confirmation not found)		None (orbital); sounding rockets via Andoya Space
Oman National Space Program	Oman	2023 (National Space Policy and Executive Programme 2023-2033)	Muscat	Saoud Al Shoaili, Director General of Policies and Governance / Head of the National Space Program		Suborbital experimental only; an orbital launch spaceport (Etlaq, Duqm) is under development
Paraguayan Space Agency (AEP)	Paraguay	2014	Asunción	Liduvino Vielman Diaz, President (Colonel, retired)		No indigenous orbital launcher
Philippine Space Agency (PhilSA)	Philippines	2019 (Philippine Space Act, Republic Act No. 11363)	Quezon City	Gay Jane P. Perez, Director General (ad interim; appointed January 2026)		None indigenous
Polish Space Agency (POLSA)	Poland	2014	Gdansk	Marta Ewa Wachowicz, President (appointed April 2025); Marcin Mazur, Vice-President		None
Portugal Space	Portugal	2019		Ricardo Conde, President (per 2026 agency materials)		None (orbital); Santa Maria spaceport project in development for small launchers
Romanian Space Agency (ROSA)	Romania	1991	Bucharest	Daniel Crunteanu, Director General (per NASA 2024 release and 2026 agency data profiles; 2026 official confirmation not located)		None
Roscosmos (State Corporation for Space Activities)	Russia	2015 (State Corporation; predecessor agencies date to 1992)	Moscow	Dmitry Bakanov, General Director (appointed February 2025, confirmed by the Kremlin)		Operational: Soyuz, Angara and Proton launch vehicles from Vostochny, Baikonur and Plesetsk
Royal Centre for Remote Sensing (CRTS)	Morocco	1989	Rabat			No indigenous orbital launcher
Rwanda Space Agency	Rwanda	2020	Kigali	Gaspard Twagirayezu, Chief Executive Officer (since September 2024)		No indigenous orbital launcher
Saudi Space Agency	Saudi Arabia	2018 (commission; renamed 2023)	Riyadh	Mohammed bin Saud Al Tamimi, Chief Executive Officer		No indigenous orbital launcher; missions use commercial and foreign launch providers
Senegalese Space Study Agency (ASES)	Senegal	2023	Dakar	Maram Kaire, Director General		No indigenous orbital launcher
Slovenian Space Office	Slovenia		Ljubljana	Tanja Permozer, Head of the Slovenian Space Office and delegation to ESA (per ESA, June 2024; 2026 currency unconfirmed)		None
South African National Space Agency (SANSA)	South Africa	2010	Pretoria	Humbulani Mudau, Chief Executive Officer; Patrick Ndlovu, Board Chair		No indigenous orbital launcher

Agency	Country	Founded	HQ city	Leader	Budget	Launch capability
Space and Upper Atmosphere Research Commission (SUPARCO)	Pakistan	1961 (16 September 1961 as a Space Sciences Research Wing; full independent commission, 1981)	Islamabad	Muhammad Yousuf Khan, Chairman		None operational indigenous orbital
Space Estonia (Estonian Business and Innovation Agency - EIS)	Estonia		Tallinn			None
Space Research and Technology Agency (Uzbekspace)	Uzbekistan	2019 (presidential decree of 30 August 2019)	Tashkent	Shukhrat Munavvarovich Kadirov, Director		None
State Space Agency of Ukraine (SSAU)	Ukraine	1992	Kyiv	Volodymyr Mikheiev, Acting Head (as of March 2026)		None (current indigenous orbital; historic Zenit/Tsyklon families)
Swedish National Space Agency (SNSA)	Sweden	1972	Solna		approx $0.18B (2026 agency budget request of SEK 1.78B in official budget documents; approved 2026 appropriation not separately published; converted at SEK1=$0.102)	None (orbital); sounding rockets and high-altitude balloons via Esrange Space Center
Swiss Space Office (SSO)	Switzerland		Bern			None
Taiwan Space Agency (TASA)	Taiwan	2023 (reconstituted as an administrative corporation in January 2023; predecessor National Space Organization, NSPO, founded 1991)	Hsinchu	Jong-Shinn Wu (Wu Jong-shinn), Director General		None indigenous orbital; sounding-rocket capability; a national launch site is under development
Turkish Space Agency (TUA)	Turkiye	2018	Ankara	Yusuf Kirac, President (confirmed by TUA official 2026 Performance Program)		None (indigenous orbital launcher; spaceport planned in Somalia per 2026 reporting)
UAE Space Agency	United Arab Emirates	2014	Abu Dhabi	Salem Butti Salem Al Qubaisi, Director General	AED 362 million (~USD 98.6M), 2025 (UAE Federal General Budget annual report 2025)	No indigenous orbital launcher; missions use commercial and foreign launch providers
UK Space Agency	United Kingdom	2010	Swindon	Rebecca Evernden, Director (from April 2026; appointed 25 February 2026; succeeded Dr Paul Bate, CEO to March 2026)	approx $0.89B (2025/26 allocation of GBP 668M published via DSIT five-year R&D plans; converted at GBP1=$1.33)	None (indigenous orbital launcher); licensed vertical launch from SaxaVord Spaceport and horizontal launch from Spaceport Cornwall
Vietnam National Space Center (VNSC)	Vietnam	2011 (16 September 2011 as the Vietnam National Satellite Center; renamed VNSC effective 17 July 2017)	Hanoi	Assoc. Prof. Dr. Pham Anh Tuan, General Director		None indigenous
Zimbabwe National Geospatial and Space Agency (ZINGSA)	Zimbabwe	2018	Harare	Painos Gweme, Director General		No indigenous orbital launcher; satellites launched via commercial partners
